

IMPROVEMENT AND CHANGES I MADE FOR THE REVISITED SMALL BUSSINESS WEBSITE

- 1) I changed the logo for better visual.
- 2) I optimized my every photos for this revisited website.
- 3) I made HTML more semantics this time.
- 4) Previously, I used google fonts through @import but I canceled it for better result.
- 5) I defined "alt" correctly for better SEO.
- 6) I include "h1" in every html file this time.
- 7) Described title tag and changed site title, meta tag and used unique keywords for better SEO.
- 8) Remove some images for better view and made the website responsive.
- 9) Converted html files to php.
- 10) Used javascript to show the users if the shop is close or open.
- 11) Added aria-label in contact page for a good accessibility.
- 12) I made one custom error page using .htaccess
